Profile

I have dedicated the last 20 years to improving the plight of the American Donkey. In 2000 my wife and I founded the Peaceful Valley Donkey Rescue and it has since grown into the largest equine rescue organization in the Western Hemisphere. In my career as a donkey rescue professional, I have rescued over 10,000 donkeys from all across the country, Hawaii and the Caribbean. Our organization currently manages over 3,000 donkeys.

Skills

My skills in marketing, organization and people management stemming from my background in construction have been instrumental in the success of the Peaceful Valley Donkey Rescue. As a rescue professional, I hold a Commercial Drivers License, I have invented several safe and effective donkey capture methods and I am a highly successful fundraiser. I have published four books in my Talking With Donkeys series that have been highly acclaimed and have sold thousands of copies. I am also a film maker and have been awarded an Aurora Award for my documentary Forgotten: The Plight of the American Donkey.
